Using only the finest resins, natural ingredients and aromatherapy oils, Lycon delivers superior performance, removing stubborn hair as short as 1mm.

Lycon is the professional's choice in quality wax and an essential ingredient in leading salons around the world. LYCON is a premium wax brand from Australia that was started on the stove top of Lydia Jordane, an internationally acclaimed beauty therapist, 40 years ago. She started with just one wax that she formulated herself and she has now built a waxing empire with spas in over 75 countries around the world using LYCON. LYCON is considered the crème de la crème of waxes and is not tested on animals.
