Christmas Feast Menu

In years gone by Peterstone Court was a private house and hosted large private parties. Feasts would be held where guests would gather and large joints of meat and game would be carried in with copious amount of wine, high spirits and hilarity. Evening guests would dance, tell tales, and sing before retiring to one of the many bedrooms.

Today we recreate this experience and serve our feast menu consisting of large plates and huge pots for sharing and feasting. All the food comes from our amazing suppliers - some is organic, some is not, but mostly it is local and seasonal and is cooked by our team of chefs.

We have compiled our Christmas feasting menu below, to give you some examples of what we can do - this is by no means exhaustive.

Usually we do a minimum of 15 people but we can do most of the below for less people but prices may vary.

A discretionary 10% service charge will be added to all bills
